Camping in the Faroe Islands

As any true camper knows, camping is a fantastic way to experience a country and culture. Camping has become increasingly popular in the Faroe Islands in recent years, also among locals.

Because there are no public wildernesses or common areas **in the Faroe Islands, camping is only permitted at designated campsites.** Furthermore, it is not permitted to spend nights in camping cars along roads, at rest stops, laybys, or viewpoints.

Be aware that drain disposal is only available at some of the designated campsites.

Visit camping.fo for a full overview of camping sites, prices, and what each site offers. Be aware that some campsites are designated for tents only.

GUIDELINES FOR CAMPING & HIKING

- › Camping outside of designated campsites is illegal and punishable by fine.
- › Lay-bys are NOT to be used for parking.
- › Please note that some villages with narrow roads do not allow access to camping cars.
- › Be mindful of sheep and birds you may encounter in the fields –or on the roads!
- › When camping always remember to take rubbish with you.

Camping auf den Färöern

Ein echter Camper weiß: Camping ist die ideale Reiseart, um ein Land und seine Kultur kennenzulernen. Auch auf den Färöern erfreut sich das Campen von Jahr zu Jahr größerer Beliebtheit, auch unter den Einheimischen.

Da wildes Camping in der freien Natur oder auf öffentlichen Flächen nicht erlaubt ist, ist Camping nur auf ausgewiesenen Campingplätzen möglich.

Auch das Übernachten in Campern entlang von Straßen, Raststätten, Rastplätzen oder Aussichtspunkten ist nicht gestattet.

Aufgrund des unvorhersehbaren Wetters auf den Färöern ist eine robuste, wasser- und winddichte Ausrüstung ratsam. Besuchen Sie camping.fo für eine vollständige Übersicht über die Campingplätze, sowie deren Preise und Ausstattung. Beachten Sie, dass einige Campingplätze nur für Zelte freigegeben sind.

RICHTLINIEN FÜR CAMPING

- › Camping außerhalb ausgewiesener Campingplätze ist illegal und wird mit Bußgeld geahndet.
- › Haltebuchten dürfen NICHT zum Parken benutzt werden.
- › Achten Sie auf Schafe und Vögel auf den Feldern oder den Straßen!
- › Bitte beachten Sie, dass einige Dörfer mit engen Straßen keine Zufahrt für Wohnmobile erlauben.
- › Denken Sie beim Camping immer daran, Ihren Müll wieder mitzunehmen.

Driving in the Faroe Islands

All major roads are paved, but some roads, especially to the smaller villages, are still gravel roads. Please navigate these roads with care, as loose gravel can make driving difficult. Some villages with narrow roads do not allow access to camping cars. These villages include Tjørnuvik and Múli.

Many roads and tunnels can be very narrow, so please consider the conditions and choose a safe speed. To keep traffic flowing, narrow roads have lay-bys, which are widened sections of the road where vehicles can pull up, these lay-bys are NOT to be used for parking.

The national speed limit is 50 km/h in urban areas, and 80 km/h on asphalt. Road maps are a good help – make sure you bring one along before you start your journey.

Find road maps and further information on camping, weather and getting around on www.visitfaroeislands.com.

Fahren auf den Färöer

Alle Hauptstraßen sind asphaltiert, aber einige Straßen, insbesondere zu den kleineren Dörfern, sind immer noch Schotterstraßen. Bitte fahren Sie auf diesen Straßen vorsichtig, da loser Schotter das Fahren erschweren kann. Einige Dörfer mit engen Straßen erlauben keine Zufahrt für Wohnmobile. Zu diesen Dörfern gehören Tjørnuvik und Múli.

Viele Straßen und Tunnel können sehr eng sein, also berücksichtigen Sie bitte die jeweiligen Gegebenheiten und fahren Sie eine sichere Geschwindigkeit. Um den Verkehrsfluss zu erleichtern, haben schmale Straßen Haltebuchten, also verbreiterte Straßenabschnitte, auf die Fahrzeuge ausweichen und den Gegenverkehr passieren lassen können. Diese Haltebuchten dürfen NICHT zum Parken verwendet werden.

Die nationale Geschwindigkeitsbegrenzung beträgt 50 km/h innerorts und 80 km/h auf Asphaltstraßen außerorts. Straßenkarten sind eine gute Hilfe – Sie sollten eine dabei haben, wenn Sie Ihre Reise antreten.

Straßenkarten und weitere Informationen zu Camping, Wetter und Reisen auf den Färöern finden Sie auf www.visitfaroeislands.com.

Gas for camping stoves is available at these locations

Gas für Campingkocher ist an diesen Standorten verfügbar
